To Whom It May Concern,

The Charitable Trust is pleased to announce that we have awarded a \$25,000 "challenge match" grant to Omni Nano for the purpose of developing its educational tools and materials into a commercial, licensable product. This grant, and all the funds it matches, will support that effort.

We challenge Omni Nano to raise \$25,000 by February 28, 2020. Upon proof, in the form of a list of contributions and bank statements, that the entire amount of \$25,000 has been raised from other donors, our "challenge match" grant will be paid in full to Omni Nano.

We believe that the \$25,000 which Dr. Marco Curreli seeks to raise in order to receive this grant will significantly support Omni Nano's innovative efforts in STEM education.

We hope you will join us in supporting this important initiative!
